

FIRE DEPARTMENT

250 LIVINGSTON STREET BROOKLYN, N.Y. 11201

DIVISION OF FIRE INVESTIGATION

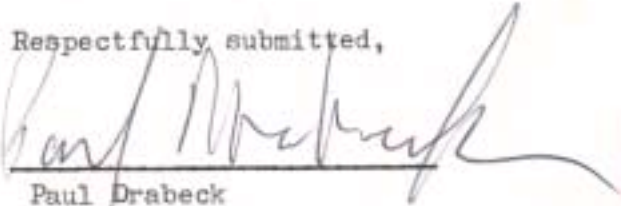

August 31, 1982

TO: John B. Regan, Chief Fire Marshal
FROM: Paul Drabeck, Supervising Fire Marshal
SUBJECT: Lecture and Slide Show by F.M. Feldman

The Training Unit presentation of Building Construction and Occupancy Terms was unique, the 105 page handouts should make the Marshals experts in the field of Building Construction and Occupancy Classification.

Due to the vast of information disseminated I suggest the lecture be increased from the present two hours to at least 12 hours. Building Construction 2 hours, Occupancy Terms 2 hours, NYC Law pertaining to Buildings 2 hours, Fire Protection Systems 2 hours, Real Estate Tactics 2 hours, Fire Extention in various types of buildings 2 hours.

Respectfully submitted,

Paul Drabeck
Supervising Fire Marshal
